## BREEDLOVE'S ROSES

### MRS. BREEDLOVE'S FAVORITE DOZEN

Mrs. Breedlove's selection of these twelve varieties has been made after seeing more than twenty-five million plants grow during a twenty-five year period and observing perhaps a billion rose blooms. She has made thousands of rose arrangements for homes and shows and is well qualified to judge blooms.

Of all the many scores of varieties we grow, this is her favorite dozen.

These roses are grown in our fields, Tyler, Texas, "THE ROSE GARDEN OF AMERICA," by the latest scientific methods, which insures their fine quality, vitality, and bloom productiveness.

We use the best and most up-to-date processes known in growing, digging, storing, packaging, and shipping rose bushes. They will, therefore, reach you in perfect condition for planting.
